The Role:

Are you a Senior Social Worker/AMHP who would like to be part of a multi-disciplinary inpatient and community-based mental health team, providing better lives for the community, working for one of the UK's most respected NHS Mental Health Foundation Trusts?

If you answered yes, then we would love to hear from you!

Based within a community mental health team within GMMH, you will be supporting and supervising social workers across Greater Manchester, the North West of England and beyond. Being an Approved Mental Health Professional (AMHP) you will carry out the statutory duties of an AMHP in accordance with the relevant legislation, national and local policies and professional code of conduct.

We have a long-term placement opportunity (minimum of 6 months) available for a Band 7/8a Social Worker post at GMMH, specifically providing the following:

- Advise and direct other social workers, team members and health colleagues
- Support and supervise other AMHPs within the care group
- Offering protection to those who may be at risk of exploitation or harm.
- Provide all appropriate mental health and social care assessments and interventions
- Actively participate in clinical quality assurance and learning programmes.
- You will be expected to maintain your AMHP status, to participate in the management of the AMHP duty system and to take part in the AMHP duty rota as required.

Teams provide assessment and treatment to those patients experiencing a wide range of mental health problems including; depression, anxiety, psychosis, dementia, delirium and a wide range of specialist mental health and substance misuse services. They also provide Health and Justice Services in a number of custodial settings.

Employing around 4,750 members of staff, who deliver services from more than 130 locations, GMMH people are passionate, patient focused, positive individuals, who are committed to working together to help people live well, striving to give their people a great work experience where they feel supported and valued.

With a reduction in stigma both self and societal, increased accessibility of treatment and the use of new innovation techniques and tools, GMMH are delivering truly innovative mental health care and will continue to do so.
